

Rod Cassidy <aliveinchristcmm@gmail.com>

Would you accept a speaking engagement next year?

Hey Rod,

It would be a great honor to speak at Brianna's benefit concert. By the grace of God that day is available on my calendar but I had already decided to shift any previous commitment if necessary.

Please keep me updated as we get closer to the event.

I know the passing of time eases sorrow but memories seem to sharpen with time. I am confident that your memories of Brianna are getting clearer and that you are probably remembering things that you may have forgotten or not thought about for some time. It must be very reassuring as Christian parents to recall her gratitude to God for support that was continuing for her education and also strengthening to you both that she was determined to serve God in her future life and career.

Is it possible in heaven where the past and the future is eternally present in God's time that Brianna will be able to see (as on video for e.g.) how her life would have continued had she been permitted to live on. I am confident, if this becomes possible, that her praise to God will be at a higher octave than her former limits because she will see beyond any shadow of doubt how God's plan for an early exit from this mortal life was not only in her best interest but was God's way for holding her secure in His loving arms so that her future life would follow His pre-determined plan. It is the kind of magnificent love and thoughtfulness that I am beginning to see with clarity in the character and actions of the God-head.

Blessings on you both. Keep in mind that seeing as you are already seated in Christ in heaven (Eph 2:6) Jesus is not only keeping your seats warm (all 3 of you) but he has already initiated the plans for the completion of Brianna's life and character in a heavenly environment rather than an earthly. In Jesus the three of you are already seated in Heaven. Thus by faith because it is in Him that you have your being you are therefore by present at these discussions for her future. Wow!!!!!!

I'd better go before I end up with the chapter for a new book,
Blessings and peace,

Bill
